Frese Group – Working together

Frese Group – Zajednički rad

Metal and Steel Foundry

Ljevaonica Metala i Čelika

Customized casting components for the toughest applications

Prilagođene komponente za lijevanje za najzahtjevnije primjene

Marine and Industrial

Pomorstvo i Industrija

Durable flow and pressure control for demanding environments

Trajna kontrola protoka i diferencijalnog tlaka za zahtijevna okruženja

Heating, Ventilating and Air Conditioning

Grijanje, Ventilacija i Klimatizacija

Efficient indoor climate control for buildings

Učinkovita kontrola klime u zgradarstvu

District Energy

Daljinsko grijanje

Extended performance flow control for primary and secondary applications

Kontrola protoka na primarnoj i sekundarnoj strani

Plumbing

Vodovod

High quality components for commercial and domestic use

Komponente visoke kvalitete za komercijalnu i kućnu upotrebu

+200 employees
+200 zaposlenih

Sales staff in 11 countries
Prodajni timovi u 11 zemalja
